CAREER EXPLORATION EVENT FOR YOUNG WOMEN: MATH IS THE REAL WORLD GIRLS CLUB!

Meet women using numbers to their career advantage

Do you love crunching numbers, solving problems, and uncovering unexpected solutions? Guess what? More and more young women are finding rewarding careers where they can leverage and build upon their math skills.

How did they make this happen? Join us to hear first-hand from some of the math gurus who have parlayed their love of- and talent for- math into fabulous careers. They will discuss what ignited their passions, how they got their jobs and what a “day in the life” looks like. And, there will be plenty of time for you to ask YOUR questions. [RSVP Now!](#)
